Professional Summary

Enthusiastic and detail-oriented Computer Science graduate with a strong foundation in Javascipt , Python , and FullStack development. Completed multiple academic and personal projects using HTML, CSS, JavaScript, NodeJs , ExpressJs , MongoDb and ReactJs. Eager to apply programming knowledge, problem-solving skills, and a passion for learning to real-world software development challenges.

Technologies

Languages : Html , Css , Python , Javascript , Typescript , NodeJs , ExpressJs , ReactJs , NextJs , Mongodb , PostgreSql

Technologies: RESTful APIs, Git , Github , Postman , CI/CD , Pipeline ,Docker , Aws

Projects

Chrome Shortcut Store : https://github.com/codewithmrkay

- Developed a secure, customizable password generator with database storage to enhance data safety and user convenience.
- Tech Stack Used: Javascript , NodeJs , ExpressJs , ReactJs , TailWindCss , Zustand

Social Media App With Chat Bot : https://github.com/codewithmrkay

- Developed a visually appealing weather app in Java using OpenWeatherAPI to deliver real-time, accurate weather updates.
- Tech Stack Used: Java, OpenWeather Api

Work Experience

Software Engineer, RemoteEngine – Remote May 2024

- Developed and published 10+ educational and 1 fashion app for Android and iOS using Flutter , enhancing accessibility to learning and lifestyle services.
- Improved app performance by refactoring codebase, reducing load times by 40% and optimizing responsiveness across devices.
- Collaborated with designers and backend teams to build real-time, visually polished features using Firebase and RESTful APIs.
- Implemented A/B testing in onboarding, increasing user retention by 15% through iterative experience enhancements.
- Integrated secure authentication, Firebase backend, and detailed booking history to ensure transparency and user control.

Education

University of Pune, Bsc in Computer Science Jun 2023 – Apr 2026

- CGPA: 9.17/10.0
- **Coursework:** Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks, Web developement, Advance Data Structures and Algorithms, Image Processing
